

Reasons Why Our Patients Love Meuselbach Family Dental

Our Team:

Most places claim to have gentle, caring staff - but we take it a few steps further. Our focus is on you - all day, every day. We truly appreciate your trust in us and strive to make our office a place where you would be proud to send your own family and friends. We are not a chain dental office and you'll see the same doctor each time. We want you to be part of our family, not just an "appointment".

Your Comfort:

It is our pleasure to accommodate our patients with items to make their visit as comfortable as possible, such as soft blankets, pillows, beverages, smart televisions, WiFi, and windows in all rooms.

Health and Safety and Environmental Protection:

Meuselbach Family Dental is equipped with the latest dental technology and meets or exceeds government standards of infection control. We use digital x-rays that emit 80% less radiation than standard film x-rays. We only use higher quality materials and dental laboratories because it does make a difference. We also utilize a state-of-the-art water filtration system as well as amalgam separators.
